PROFILE

Frontend Developer with 3+ years of commercial experience building high-performance, SEO-optimized, and fully responsive web applications. Proficient in Next.js, React.js, Vue.js, and Angular.js on the frontend, with additional backend exposure through PHP / Laravel and REST API integration. Committed to clean code, performance optimization, and delivering polished user experiences across all devices and browsers.

WORK EXPERIENCE

Frontend Developer · Safaroff Agency *Oct 2025 – Present*

- Design and develop pixel-perfect, accessible UIs based on Figma / Adobe XD prototypes.
- Build reusable component libraries in React.js and Vue.js, reducing development time across projects.
- Collaborate with backend engineers to integrate RESTful APIs and ensure seamless data flow.
- Enforce cross-browser compatibility and achieve Lighthouse performance scores of 90+.
- Write unit and integration tests; identify and resolve bugs in both new and legacy code.

Frontend Developer · Proton MMC *Oct 2022 – Jun 2024*

- Delivered full-stack web projects using Laravel (backend) and Next.js (frontend) with SSR / SSG / ISR.
- Built internal admin panels for CMS and user-management workflows.
- Integrated REST APIs and managed smooth data exchange between frontend and backend layers.
- Configured servers, managed hosting environments, and handled domain setup and DNS.
- Optimized page load times, reducing average LCP by ~35% through code-splitting and image optimization.

SKILLS
